(2024)
FULL STACK WEB DEVELOPMENT
CM Techno Solutions

Projects

NETFLIX CLONE

Developed a Netflix clone landing page using HTML, CSS, and JavaScript. The page features a responsive layout with a dark theme, interactive elements like carousels, and smooth animations for an engaging user experience.

TODO LIST

Built a to-do list application using React for the frontend, \ The app allows users to add, edit, delete, and mark tasks as complete, with real-time updates and a user-friendly interface.

E-COMMERCE WEBSITE

Developed an e-commerce website using React for the frontend, Express and Node.js for the backend, and MongoDB for the database. The site supports product listings, user authentication, shopping cart functionality, and order management, providing a seamless shopping experience.
